Alessia Musio

30.04.1995 — Milan, IT — **alessiamusio.com**

(Extremely clumsy, completely obsessed with paper boats and road signs. In my spare time I usually play tetris.)

Information and **communication** designer who believes in the importance of working with **awareness** and **responsibility**.

I like: sharing, positive people, handcrafts, changing ideas, coding, photography, pasta, honesty and humility, yellow flowers, words.
I don't like: arrogance, small talks, running, fights, splatter and horror movies, cooking, indifference, lies.
